DETAILED ACTION

Response to Remarks

1. Applicants' arguments and amendments, filed on 11/20/03, have been approved and entered. They have been fully considered but they are not deemed to be persuasive. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either newly applied or reiterated. They constitute the complete set presently being applied to the instant application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 37, 38 and 58-61 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 37-38 recites that that Ar1 or Ar2 is indirectly substituted with Ar3; however it is unclear what is Ar3 since there is not definition of said moiety in the claims.

Applicants argue that the term "aryl" is defined in the specification. However in the claims Ar3 has not been defined as an aryl group. And the specification does not disclose that Ar3 is an aryl group either. Thus Ar3 can be anything. Therefore the scope of the invention sought to be patented cannot be determined from the language of the claims with a reasonable degree of certainty, a rejection of the claims under 35 U.S.C. 112, second paragraph was appropriate. The specification shall conclude with

Art Unit: 1637

one or more claims particularly pointing out and **distinctly** claiming the subject matter which the applicant regards as his invention.

3. Claims 27-29, 32-36, 41-57, 62, 63, 64 are allowed.

4. **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.
